To whom it may concern,

I am writing this letter to correct some improperly reported data for Dr. Howard Fuller Collegiate Academy (formally Milwaukee Collegiate Academy) in the 2022-2023 school year. Our compliance manager ran the direct certification for FRAM during the school year, but did not get it uploaded into our SIS, Infinite Campus. This caused our Economically Disadvantaged percentage to publish as 12.7% for the TFS count snapshot. I corrected this error and we are now correctly reporting a percentage of 90% for the TFS count. I have spoken with a member of the report card team at DPI and will be following up with them when the preliminary report card is published to get this corrected. Please let me know if there is anything I can do beyond this letter to correct the data shown on WISE Dash.

Best,

Robert T. McCann

Data Manager, Dr. Howard Fuller Collegiate Academy
