Dear Michelle,

Per the instructions in an email I received from the DPI CS Help Request, I am writing to correct a data error in the drop out section of WISEdash for the School District of Turtle Lake for the 2016-2017 school year.

Three of our students were exited incorrectly (2 in the elementary and 1 in the middle school) and are currently listed as a Dropout/Possible Dropout for the 2016-2017 school year. They were exited as a TC and their year-end exit should have been changed to TNC as two decided to do home-based education and one was deceased. These changes happened after the year-end process but prior to the start of the 2017-2018 school year in September.

We have corrected this information in our local student information system. We hope this can be corrected with DPI and a data errata letter be placed on the data errata webpage. Thank you for your time and if you have any questions please do not hesitate to contact me.

Sincerely,

Kent M. Kindschy
Superintendent
