Dear Michelle,

I am writing to correct a data error in the drop out section of WISEdash for the School District of Turtle Lake for the 2018-2019 school year.

One of our students is missing an enrollment record for her senior year and is currently listed as a Dropout/Possible Dropout for the 2018-2019 school year. For some reason, her entry and graduation record is listed in our student software system but that information is missing from WISE data.

This information is correct in our local student information system. We hope this can be corrected with DPI and a data errata letter be placed on the data errata webpage. Thank you for your time and if you have any questions please do not hesitate to contact me.

Sincerely,

Kent M. Kindschy
Superintendent
