Dear Ms. Aro:

This letter is being written to update the October 2, 2015 Child Count for Berlin Area School District. The data needs to be amended because the district just discovered an error in procedures for inputting special education students exiting from certain special education programs - most specifically Speech/Language programs. The district has created set procedures to handle this in the future, so this error will not occur again. Therefore, we are submitting this as a data errata letter to be posted on the DPI website.
