RE: 2017-18 Special Education count errors for Bruce Elementary School

To Whom It May Concern:

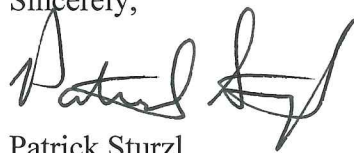

The School District of Bruce is submitting this errata letter to correct the special education count for the 2017-18 school year. The data is being amended because the districts SIS did not accurately reporting the correct data. We are working with our vendor to correct this problem.

The correct students with disabilities count should increase by 3 students in Bruce Elementary. There should be an increase by 1 student in K4, 3rd grade, and 5th grade.

The School District Code is 0735, and the school code for Bruce Elementary is 0020.

We thank you very much for your assistance in correcting the reported data,

Sincerely,

Patrick Sturzl
Superintendent
School District of Bruce

The Bruce School District provides a student-centered environment with dynamic educational opportunities in an ever-changing world.
