RE: October 1 Child Count

To Whom It May Concern:

The D.C. Everest Area School District acknowledges an October 1 Child Count data discrepancy in WISEdata for the 2017-2018 school year. Therefore, I am submitting this errata letter to correct the discrepancy.

This error occurred because a student was included in the October 1 Child Count for 2017-2018 school year and should not have been because the child did not receive any Special Education services from us. Therefore, our October 1 Child Count total should be decreased by one.

We apologize for this error and appreciate your assistance in correcting the reported data.

Sincerely,

Mary Jo Lechner
