RE: Data Errata

To Whom It May Concern,

The data submitted for the Darlington School District for the September 2020, 3rd Friday count regarding students' immigrant status was incorrect.

This was due to internal errors with our Student Information System - Infinite Campus, which we had not marked the second citizenship option from the drop down menu, which is where WISEdash collects this information for state reporting purposes. Without this information marked, numbers were incorrectly reported to the state.

Incorrect Data

Immigrant Status - 12 students

Correct Data

Immigrant Status - 61 students

Please accept this letter as official notification of the error of data.

Sincerely,

Cale Jackson

District Administrator
