To who it may concern,

I am writing this letter to correct some improperly reported data for Dr. Howard Fuller Collegiate Academy (formally Milwaukee Collegiate Academy) in the 2018-2019 school year. 56 of our students showed enrollments in the 2017-2018 school year in grade 9 and in the following 2018-2019 school year, they were enrolled in grade 11. This is incorrect and the students should have been enrolled in grade 10 for the 2018-2019 school year. This error was brought to light this school year as we noticed our HS completion percentage on WISE was only 47% due to the miscalculation of the student's cohort year (calculated as 2021 but should be 2022). Please let me know if there is anything I can do beyond this letter to correct the graduation percentage show on WISE.

Best,

Robert T. McCann
