Re: Data Errata

To Whom it May Concern,

The data submitted for the Ellsworth Community School District for the September 3rd Friday count for the 2022-2023 school year regarding students' immigrant status was incorrect.

This was due to internal errors with our Student Information System, Infinite Campus, where we had not marked the immigrant status option from the drop down menu which is where this information is sent to WISEdash for state reporting purposes. Due to the fact that this information was not correctly marked, our numbers were incorrectly reported to the state.

We have since corrected our data in our SIS and developed a process to ensure our data is correct going forward.

Incorrect Data

Immigrant Status- 0 students

Correct Data

Immigrant Status- 8 students

Please accept this letter as official notification of the data error.

Sincerely,

Barry Cain
District Administrator
