To Whomever It May Concern,

This letter is to correct the Fond du Lac Christian School's October 1 (and Third Friday of September) Enrollment Count Data.

In WISEDash, our October 1 data indicated that on the snapshot, we had 61 Choice Students Enrolled. However, it was discovered January 31, 2024 that our total count of 78 Choice Students were not all being submitted by our SIS. We are currently working with FACTS to clarify this issue.

Thank you for your assistance.

Sincerely,  
Michele Riesterer  
Deputy Administrator
