RE: Data Errata

This letter is to correct the number of Students with Disabilities reported on the October 1, 2017 Child Count for the School District of Fort Atkinson. The data needs to be amended due to an issue encountered between our district's special education reporting system (SEEDS) and WISEdash. We were unable to resolve the issue until after the count date resulting in the snapshot showing a significantly reduced number of students with disabilities. Our student special education reporting system (SEEDS), and WISEdash re not reporting this information correctly. Our 2017-2018 Child Count Snapshot shows 42 students in WISEdash. Our corrected WISEdash October 1, 2017 Child Count Total should be 366.

Please accept this letter as notification of this error. Thank you for your time and assistance with this matter.

Sincerely,

A handwritten signature in cursive script that reads "Lisa Hollenberger".
