To Whom It May Concern,

In the WiseData Snapshot, High Point Christian School Mount Horeb (Agency Code 1794) still has 2 error codes that involve 49 students. The reason for the errors is because High Point Christian School Mount Horeb is a closed school and has become Mount Horeb Christian School (Agency Code 1865). After many attempts of working with FACTS SIS and DPI to resolve the problem of the "closed" (HPCS-Mount Horeb 1794) school's submission report not being able to connect to the WiseData Portal, we were unable to resolve these errors. Per the recommendation of Heather Kluck at DPI, we were recommended to submit this Data Errata Letter.

Sincerely,
