Dear Ms. Jones,

It was brought to our attention that our students with disability were reported incorrectly for the 2016-17 October 1 Child Count. We began the 2016-17 year using Oasys for our special education reporting, but encountered several issues which Oasys was unable to resolve. As a result, we switched to using Infinite Campus for all of our reporting needs. I believe this resulted in the incorrect number of students reporting. Please make the following adjustments:

Original number of students with disability reported: 76
Correct number of countable students with disability: 229

The 2016-17 export file in WISEdata shows the correct list of students to be reported.

Please accept this letter as notification of this error. Thank you for your time and assistance in this matter.

Sincerely,

Holly Hart
