Re: 2017-18 Third Friday Count Errors

To Whom It May Concern:

The School District of Marathon acknowledges a Third Friday Count data discrepancy in WISEdata for the 2017-18 school year. Therefore, I am submitting this errata letter to correct the discrepancy.

The data is being amended due to a discrepancy because the district's student information vendor did not accurately report the correct student data for the count. We have worked with the vendor to correct this problem. This problem caused our Third Friday Count to show 324 students when our actual enrollment is 729 students. Please change our enrollment for the Third Friday snapshot count from 324 to 729.

Please accept this data errata letter for the School District of Marathon Third Friday Count for the 2017-18 School Year.

We apologize for the errors and appreciate your assistance in correcting the reported data.

Sincerely,

Richard Parks, Ed.S.
Superintendent
