SUBJECT: 3rd Friday Data Errata

According to the following email received from Rachel Zellmer at the WI DPI, there is an issue regarding our 3rd Friday Count for September 2017:

It's Melrose-Mindoro's official Third Friday in September count for FY 2017-18. If you go into WISEdash and look at "ThirdFriday Snap Shot" which was taken last November, the count is only 567. The snap shot number is what we use for calculating IDEA formula allocations. I don't know why the count was low on the snap shot date, only that the "current" number being pushed to DPI for Third Friday in September count is 733, meaning that when the snap shot was taken, 166 student records were not counted.

While we are unclear as to why this is in WISEdash, it is inaccurate and our 3rd Friday September 2017 count should be 733.
