Re: Third Friday of September Enrollment Count

To Whom It May Concern,

The School for Early Development and Achievement is submitting this errata data letter to correct the enrollment count indicating how many students were economically disadvantaged for the 2018-2019 school year. The data is being amended due to a misunderstanding of SEP data requirements at the time of our snapshot. Below you will find the correct data for the 2018-2019 school year.

The actual number of enrolled students who were economically disadvantaged at the time of the Third Friday Count for the 2018-2019 school year is 55 out of 68, equivalent to 80.88%.

The School For Early Development and Achievement School district number is 8107.

We apologize for the errors and appreciate your assistance to correct the reported numbers.

Sincerely,

A handwritten signature in black ink that reads "Meghann Redford". The signature is fluid and cursive, with a large loop at the end.
