Hello,

This is a data errata letter to address errors for our 2022-2023 school year. We used Power School SIS for the 2022-2023 school year, and changed to FACTS in the summer of 2023. Power School has changed their platform, and we are unable to correct data or sync it with the DPI. We have contacted Power School for assistance without success.

There are 5 errors with the code 6606. The students associated with this particular error code should have an Exit Withdraw Date of 06/07/2023.

Also for the 2022-2023 school year, error code 7144 is assigned to 4 students with drop out status that need to be checked. We checked their status in <https://dpi.wi.gov/wisedata/help/portal/choice-exports>, and they are not listed with a yes in the Midterm Dropout column or the Full Term Dropout column.

I have acknowledged these errors in WISEdata, and if there is anything else I need to do please let me know. Thank you.
