Michelle A. Jones
Wisconsin Department of Public Instruction
PO Box 7841
Madison WI, 53707-7841

Dear Ms. Jones:

The purpose of this letter is to update the special education numbers reported in WISEdash for the October 1, 2016 Child Count. The number of special education students in the district on **October 1, 2016 should be 127**, not the 108 reported in WISEdash. The correct number was submitted through ISES last year, however, that information was not used and the WISEdash information was pulled the 108 number from the newly implemented WISEdata system. The error in this number could have been a result of issues between the district's student information system and the WISEdata system. Historically, the district has consistently had between 115 and 130 students receiving special education services annually.

Since the information in WISEdash cannot be changed as it has already been publically reported, I would like to report this error to the Data Errata Website.

Please accept this letter explaining the inaccuracy in the October 1, 2016 Child Count numbers for special education students.

Sincerely,

A handwritten signature in black ink, appearing to read "Denise Johnston", written in a cursive style.

Denise Johnston
Director of Special Education
Siren School District
