St. Andrew Parish School is where Faith and Knowledge are Available for All

December 28, 2020

Michelle Jones
Department of Public Instruction
125 South Weber Street
P.O. Box 7841
Madison, WI 52707

Dear Mr. Jones

This letter is to correct the WISE ID discrepancies between the Department of Public Instruction and St. Andrew Parish School in Delavan. During the 2019-2020 school year, St. Andrew Parish School used Option C as our SIS. This year, we transitioned to PowerSchool as our SIS. The principal and other members of the team that worked with Option C and WISE Data for the 2019-2020 school year are not on staff this year. The current staff has worked diligently to fix as many errors as possible from the 2019-2020 school year, along with members of the team from DPI and Option C.

For error 6381, during the 2019-2020 school year, DPI has our total enrollment as 132 students. Our correct total is 124.

For error 6777, the students listed were all present in our school last year.

For error 6816, the student left on 11-14-19.

For error 6835, both students enrolled on November 4, 2019 and were present the remainder of the year. None choice

For error 6606, the three students listed left the school at various times throughout the year. We are not able to get into Option C to correct.

For 7092, the two students were non-choice students. We cannot correct in Option C.

Please accept this letter for notification of errors that we are not able to fix these errors after hours of working with Option C.
