Dec. 11th, 2019

Michelle Jones  
Department of Public Instruction  
125 South Webster Street  
PO Box 7841 Madison, WI 53707

Ms. Jones,

Upon reviewing the detailed results of our school district's accountability report cards, it was discovered that some of our students with disabilities were not identified as such. After some investigation, it was discovered that our connection to Edfi wasn't functioning properly due to a communication error with Exconn. Our SIS and ISP providers have since fixed the problem.

Our SpEd count on the 2018-19 school accountability report card was listed at 7 when in fact we have 35 students w/disabilities in our district.

Please accept this letter as notification of the error.

Regards,

Chad D. Pritzi  
Interim Principal  
Tigerton School District
