To Whom It May Concern:

On February 4, 2021, the Department of Public Instruction brought to Columbus School District's attention that on the 2020-21 Graduation Requirements Report, the district reported that it required "0" credits in health whereas in previous years, the district reported that it had met the graduation requirement of 0.5 Health credits.

After reviewing our data entry in our SIS, we discovered a data entry error. 2.0 required credits were entered under a heading of Physical Education/ Health. The correct entry should have been separated and read "1.5" credits required for Physical Education, and 0.5 credits required for Health, both which meet state graduation requirements for physical education and health.

Please accept this data errata letter as explanation for the discrepancy in our 2020-21 Graduation Requirements Report for Columbus High School for the 2020-21 school year.

Sincerely,

Annette Deuman
Superintendent
