October 19, 2021

To Whom It May Concern:

The Oostburg School District's graduation plan data for the 2019-2020 snapshot is incorrect. An oversight with the setup of our graduation plan in our student information system has caused our district to report incorrect graduation plan data. We have worked with our information system to assure the data is correct moving forward and that all graduates, general education or special education, are reported correctly. In addition, we met with DPI personnel on August 17, 2021 to discuss error and plan moving forward.

Sincerely,

Ashley Hinze

Director of Special Education

Oostburg School District
