Madison, WI 53707-7841

Dear Ms. Jones,

The Chequamegon School District has discovered an error in the data reported in WISEdash for District regarding Graduation, High School Completion Rates data for "non-completers not known to be continuing" for the CLASS Act Charter School.

Please accept this data errata letter explaining the inaccuracy of the following data.

HS non-completers - 4 year rate for 2019-2020. Our records indicate that the student listed as a "non-completer, not known to be continuing" is in fact, a four-year cohort graduate of the CLASS ACT Charter School. His alternative academic plan included completion of the Challenge Academy at Fort McCoy, which he did complete, as part of his earning a Chequamegon School District diploma. Because the timing of his completion was inconsistent with the rest of the school, his status as a graduate in our records was not corrected.

Our District would be interested in correcting these data, if possible, for the upcoming release of the school report cards. If there is a process for updating the data, please let me know.

We have reviewed our data entry and reporting practices and incorporated our findings into our new WISEdata reporting practices, and we believe that our new process will prevent further errors of this sort from occurring in the future.

Sincerely,

  
Tim Kief, Principal
