Category: Graduation Data
Sub-Category: 4 Year Graduation Rate

During our review of the Wise Dash Exports, we found a discrepancy in reporting of the High School Completion Rates for the 2023-2024 and 2024-2025 years. The 2023-2024 Graduation reported 1 student Graduated. The report should have included 4 Graduated students. For 2024-2025 3 students should have reported to have Graduated. At the time of submission, we were unaware that the coding in our SIS was incorrectly reporting the number of Graduates. Our error in coding within our SIS resulted in an inaccurate count of graduation rates.

After working with our SIS we now have graduates properly coded. Please accept this letter as official notification of the data error.
