Michelle Jones
Wisconsin Department of Public Instruction
125 South Webster Street
Madison, WI 53703

Dear Ms. Jones:

The data reported in the WISEdash public portal for the Milwaukee Academy of Science (MAS) for the 2017-2018 four-year graduation rate are not accurate and have been updated since the publication of these data. MAS pursued getting these data corrected prior to their publication but were unsuccessful. Additional time after the publication would have been required.

Currently, it is reported that the four-year graduation rate for the 2017-2018 school year is 95.1% based on 39 out of 41 students graduating in four years. However, one of the two students indicated as not completing high school has been verified to have transferred to another school in his fourth year of high school and, therefore, should not be included in MAS's 2017-2018 four-year graduation cohort.

With this update, MAS's accurate and verified four-year graduation rate for the 2017-2018 school year is 97.5% or 39 out of 40 students. We respectfully ask for these errata to be officially noted and posted to the Department's website as a reflection of the accurate four-year graduation rate for the 2017-2018 school year – 97.5%.

Thank you for your time in reviewing this information, and please contact me at the phone number or E-mail address below should you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Schwab".
