Michelle Jones  
Wisconsin Department of Public Instruction  
125 South Webster Street  
Madison, WI 53703

Dear Ms. Jones:

The data reported in the WISEdash public portal for the Milwaukee Academy of Science (MAS) for the 2019-2020 four-year graduation rate are not accurate and have been updated since the publication of these data.

Currently, it is reported that the four-year graduation rate for the 2019-2020 cohort is 87.0% based on 40 out of 46 students graduating in four years. However, three of the six students indicated as not completing high school and not known to be continuing have been verified via enrollment records we have received to have transferred to other schools out of state after withdrawing from MAS and prior to their fourth year of high school. Therefore, they should not be included in MAS's 2019-2020 four-year graduation cohort.

With this update, MAS's accurate and verified four-year graduation rate for the 2019-2020 cohort is 93.0% or 40 out of 43 students. We respectfully ask for these errata to be officially noted and posted to the Department's website as a reflection of the accurate four-year graduation rate for the 2019-2020 cohort – 93.0%.

Thank you for your time in reviewing this information, and please contact me at the phone number or E-mail address below should you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Chris Schwab". The signature is fluid and cursive.
