To Whom it May Concern:

The Sheboygan Area School District has discovered an error in the data reported in WISEdash for Districts regarding Graduation, High School Completion Rates for Students with Disabilities in the 2019 – 2020 school year. This is also causing the incorrect number of students and percentage to be displayed on WISEdash Public Portal.

The issue caused only 13 students to display and a completion rate of 28.3%, when the actual number of students was 93 and a completion rate of 73.8%. The issue was caused by the way that the students were exited from their Special Ed records. It caused an exit date mismatch between the student's Special Ed record and enrollment record. The issue was corrected and the 2019 – 2020 data was resynced. The current view in WISEdash for Districts is displaying the corrected data.
