Dear Ms. Jones:

The purpose of this letter is to update the graduation and dropout data that was reported erroneously in June 2016 due to an exit code/type. The data reported in the WISEdash public and private portal for the Whitefish Bay School District for the 2015-2016, 2016-2017, and 2017-2018 graduation rates and dropout rates are not accurate and have been updated through data quality updates. Both metrics were impacted by students who completed the 2015-2016 school year at Whitefish Bay High School (end-of-year ISIS data) but were not enrolled or attending Whitefish Bay High School in 2016-2017 (WISEdata process). This reporting error was found after the DPI snapshot was collected.
