To Whom It May Concern:

This is to correct the 20-21 Dropout Data for iForward Schools.

Four students graduated from iForward in June of 2020. Two students left iForward having filed homeschool paperwork. Two students moved out of state. We received records requests for five students from other Wisconsin school districts.

We're requesting corrections for thirteen students.

Submitting the current DPI required paperwork from HOMER will continue to cause ongoing errors. HOMER paperwork is available only to resident districts and some districts have refused to share this due to FERPA interpretations. Parents are not legally required to provide any homeschooling information to us. Requiring us to provide data we can't access will continue to initiate these errors.

Another concern is once we receive a request for records indicating a student transfer to a Wisconsin school, we no longer have the ability to enforce attendance at iForward.

Mrs. Constance Quade, M.S. Ed.
