RE: Economic Status Data

I received an email from the DPI regarding notable different economic status data.

I reviewed my data and found that I used the wrong end date in our local SIS when reporting on economic status. I used the last day of school instead of using 30 school days into the next school year. I corrected the end dates of the students that it affected. I checked my data in wisedata and it is correct now.

If you need additional information, please contact me.

Thank you.

Sincerely,

Chris Kuehl
Executive Assistant
Hustisford School District
