RE: Discipline Data Errata

Dear Ms. Jones,

Isthmus Montessori Academy Public is submitting this errata letter in order to correct our Discipline Data for the 2018-2020 school years. The reason for this lack of data is because Isthmus Montessori Academy Public is dedicated to reducing, and eventually eliminating, suspensions and expulsions.

During the 2019-2020 school year, a more concrete policy was set in place. Students who were frequently observed to be struggling to meet expectations met with administrators and the board president to discuss and develop a plan for work engagement and classroom expectations. Only once was a student suspended, and this incident was related to Special Education and imminent threats to safety.

The correct data for discipline is as follows:

Student	Meeting and Plan with Board President	Afternoon, Out of School Suspension	Full day, Out of School Suspension
Student A			1
Student B	1		
Student C	1		
Student D	1		
Student E	1		
Student F	1		

If you have any questions or require additional action to resolve this issue, please Melissa Droessler - Principal, at [melissa.droessler@imapublic.org](mailto:melissa.droessler@imapublic.org) or call (608-661-8200).
