To Whom It May Concern:

Last year, since school meals were still free for all students, fewer of our parents submitted paperwork to qualify for free or reduced lunches, so Loyal School District claimed 40 students in that count for the 2021-2022 school year. This year, more parents filled out the paperwork and our count increased to 64 students in kindergarten through grade 3 who qualify for free and reduced lunches. The Loyal School District would like to use the 2022-2023 count of 64 students for our AGR number.

Thank you,

Nancy Popp
