

To Whom It May Concern,

While reviewing Marshall’s 2022-2023 student demographic data, it was discovered that 29 students enrolled in Marshall Public Schools (please see chart below) should have been identified with an “economically disadvantaged” status in the district’s Student Information System (Infinite Campus). This discrepancy was noted while reviewing the district details and student group information listed on the 2022-2023 Preliminary Secure Report Cards.

In October, this 2022-2023 student data was updated locally to reflect this important demographic information. At that time, Marshall worked closely with the the WI Department of Public Instruction (Incident #: CAS-60803-J0F1Z6) and Office of Educational Accountability to correct the actual count of students identified as economically disadvantaged on the final school and district report cards (*Case #: ECD Data for Marshall CAS-60093-P4W7M0*).

Marshall Public Schools is requesting that the 2022-2023 state data be revised to accurately reflect these changes. Please accept this letter as official notification of the error of data. Procedures are now in place to ensure this data is entered into Marshall’s Student Information System and reported properly on future data snapshots.

Sincerely,
 Randy J. Bartels, PhD
 Director of Instruction
