To Whom It May Concern:

Please accept this letter as notification to the Wisconsin Department of Public Instruction regarding the Data Errata-Data Changes after DPI Publication. At the time of the snapshot, we were missing count day information and needed to verify attendance through our SIS. We were also missing information in the economically disadvantaged section.

These errors have been corrected and we have created documentation to ensure the proper procedure is followed next year. We appreciate the help we have received, as this is our first year in the School Choice program. Please let us know if you have any questions or if there are any further steps we need to take. Thank you for your time.

Sincerely,

Justin Krause
Principal
