RE: 2018-19 WISEstaff Data Report:

Dear Michelle,

This is in regards to submitting a data errata letter to the DPI to correct the salary for Erikka Furseth. Erikka was on a leave of absence and the amount that she got paid (\$2841.00) was the amount that she got paid while out on leave, not her yearly salary. Her sub was paid through Teachers on Call.

The other person in question was Alison Peterson. Alison Peterson only worked 46% and was not Full time. A full-time person in her position would have been paid \$41,262.00 for a full year. I believe that I entered her as a FT employee and that is not correct, she only works PT.
