RE: WISEstaff report for 2014-15 (PI1202)

The Suring Public School District incorrectly reported a teaching assignment on the (PI1202) WISEstaff report for 2014-15 for Laura Lojpersberger. It should have been entered as 0300 English and it was entered as 0316 Reading.

The assignment was for a Language Arts/Literacy class and monitoring a resource hour where study skills were taught to make up the 30% FTE for grade 6.

Please post this letter on your Data Errata page. Thank You.
