October 13, 2022

It has come to our attention that the reported student enrollment for the school year of 2021-2022 on the WI DPI Report Card is not consistent with what is reported on the Snapshot in WISEdash. The Report Card identifies a total enrollment of 1600, while the December 7th, 2021 Snapshot in WISEdash reports 1682. This discrepancy also throws off all other demographics including SwD, EL, and Economically Disadvantaged.

Sincerely,

Kyle Korinek
Director of Learning and Instruction
Two Rivers Public School District
