To Whom It May Concern:

The purpose of this letter is to explain why the Neenah Joint School District will have differing numbers under the "Other Employment" data category for the current WISEstaff Final Certification report.

Unfortunately, the District's Deputy District Administrator of Business Services passed away in August 2020. In the past, he was the person calculating the "Other Employment" data. Because we do not know the formula that was being used, we are submitting this year's data using the below information.

The District's contract fringe amounts for the 2020-21 school year is a total of the following: retirement, social security, life insurance, health insurance, other employee insurance, and cash payments in lieu of benefits.

If you have any questions or need additional information, please feel free to contact me at 920-751-6800 x10111 or jami.hintz@neenah.k12.wi.us.

Sincerely,

A handwritten signature in black ink that reads "Jami Hintz". The signature is written in a cursive, flowing style.

Jami Hintz, PHR
Director of Human Resources

To: Bo Thao <bo.thao@neenah.k12.wi.us>

Bo,

Good afternoon and thank you for your patience. I received the following response to your questions from Josh Roy, who is our WISEstaff product manager.

Yes, I would suggest the district load what they have. I would recommend setting on the WISEstaff Contracts for the question "Is the Salary Final for this School Term" to No for those who have contracts.

If they can't get the correct Other Employment data by the WISEstaff Final Certification deadline then I would recommend they certify but create a data errata letter explaining the situation. If the district can get the Other Employment data with either WISEids or Licensing Entity IDs we could assist them by merging it into the data they have uploaded for this year.

Again, thank you for your part in helping your school district continue to provide the services your students need. Take good care, Bo.

Best,

Derew Osborne
