Re: Data Errata

To Whom It May Concern,

For the Winter School District there was no data collected in WISEdata for the 2021/2022 school year snapshot for the count of economically disadvantaged students.

The correct data is as follows:

Not Economically Disadvantaged	86
Economically Disadvantaged	160
Total	246

We continue to look at our data and our SIS system to find out why our economically disadvantage number was reported as zero in last school year's snapshot. The above numbers are from our Infinite Campus program that should have been uploaded to the WISEdata system.

Thank you,
