To Whom it May Concern:

I am submitting this data errata letter on behalf of the Wisconsin Rapids Career and Technical Education team.

It has come to our attention that some of our data from the 2020-21 school year was reported in error; specifically, our Industry-Recognized Credentials and our Work-Based Learning data. Both of these categories had significantly higher numbers reported than we actually had. This was due to a glitch in our Student Information System that has been corrected.

Please accept this data errata letter as explanation for the discrepancy in our WISEdata Postsecondary Preparation data for the Wisconsin Rapids Public Schools for the 2020-21 school year.

Sincerely,

Jean Westover
