March 13, 2018

Dear Michelle,

I am writing to correct a data error in the drop out section of WISEdash for the Hurley School District (HS) 2015-2016 school year.

A student in our district was exited incorrectly and is currently listed as a drop out for our district for the 2015-2016 school year. The student was exited as a TC and should have been exited as a TNC. This student did not transfer to another Wisconsin school, rather she went to a facility that does not report to WISEdata.

We have corrected this information in our local student information system. We hope this can be corrected with DPI and a data errata letter be placed on the data errata webpage.

Thank you for taking time to review this information. If you have any question please do not hesitate to contact me.

Sincerely,

Melissa Oja  
6-12 Principal
