Dear Melissa:

The School District of Lake Geneva-Genoa City UHS has found an error with the data reported on WISEdash concerning the 4-Year High School Completion Rate for the 2014-15 school year.

The discrepancy occurred on the submission of our Year End ISES records for 37 students. These students were placed in the 2014-15 cohort graduation class because of an incorrect grade placement and were not expected to graduate until 2015-16. With the correction of these records, our calculations show that the 4-Year High School Completion Rate for Badger High School would be at 91.4%.

Sincerely,

Dr. James Gottinger
District Administrator
