To Whom It May Concern:

The School District of Baraboo acknowledges a race-ethnicity enrollment discrepancy in WISEdata for the Baraboo Early Learning Cooperative (BELC) for the 2016-17 school year.

This discrepancy is due to incorrect Ed-fi data entry into our Student Information System. The Ed-fi school number for BELC is 500 and the BELC Head Start Renewal school Ed-fi number is 501. These two numbers were interchanged. We have now corrected the school numbers and are in the process of re-syncing our data.

Please accept this data errata letter as explanation for the discrepancy in our WISEdata for BELC for the 2016-17 school year.

Sincerely,

Dr. Lori M. Mueller
District Administrator
