Dear Melissa Aro,

I am writing to update the ISES data that was incorrectly reported for Verona Area School District for the 2010-2011 school year.

The following information was incorrectly reported in the 4-Year Cohort in the ISES for the Verona Area School District:

Not Known to be Continuing

1 student was a foreign exchange student and should have been coded INM

Received Diplomas

1 student was expelled but did receive a diploma and should have been coded R
15 students listed as receiving their HSED received diplomas through the GEDO program and should have been coded R

Did not Receive Diploma

1 student was recorded as having received their diploma but did not finish the GEDO program

Additional Error

1 student was a home schooled student taking two classes with us and should not have been in the WSLs system.

The following information was incorrectly reported in the Legacy Rate in the ISES for the Verona Area School District:

1 student was listed in both the 4-year-cohort and the legacy rate. They should have only been listed in the 4-year-cohort. They were listed as not completing but did receive a diploma.

1 student was listed as not known to be continuing but transferred to another district and should not have been included in the Total Expected to Graduate.

If these changes were taken into consideration, our WINSS high school completion data would be greatly affected.

| | Time Frame | Total Gr. 12 | Expected to Complete | % Not Known to Continue | % Max Age | % Known Continuing | % Certificate | % HSED | 5 Regular Diploma |
|-------|------------|--------------|----------------------|-------------------------|-----------|--------------------|---------------|--------|-------------------|
| 10-11 | 4-Year | 376 | 357 | 3.4% | 0.3% | 1.9% | 0.0% | 0.0% | 94.7% |
| 10-11 | Legacy | 376 | 364 | 4.1% | 1.1% | 0.0% | 0.0% | 0.0% | 94.8% |

As a result of this initial error, and our remiss in correcting the data in a timely fashion, this information can no longer be corrected in ISES as the window for this reporting period has passed. Please accept this data errata letter explaining the inaccuracy in the reported graduation rate for 2010-2011. I understand this letter will be placed on the WINSS website.

Sincerely,

Dean Gorrell
District Administrator
