Attention: Michelle Jones

Dear Ms. Jones,

The Spooner Area School District is requesting that our 2015-2016 graduation rate be updated. ISES high school completers count per the 2015-2016 High School Completion Rates reports in WISEdash is erroneous due to an incorrect exit code/type on our students who graduated early. Currently it shows that 18 of our students did not graduate. This number provided is incorrect. The accurate information for the 2015-2016 academic year is 81 out of 88 students graduated. This means that 92% of our students graduated from Spooner in the 2015-2016 academic year. Furthermore, one student listed as a non-graduate was a foreign exchange student, so more accurate data would be 81 out of 87 graduated, with a 93.1% graduation rate.

Since the ISES collection is closed and has been publicly reported, we are aware that the ISES information cannot be changed. However, we would like the accurate numbers to be reflected on the Data Errata Website.

Please accept this letter on our behalf explaining the inaccuracy in the reported graduation rate as well as the inclusion of the correct graduation rate for the 2015-2016 academic year.

Sincerely,

Sarah Johnson
High School Principal
