Dear Ms. Ihlenfeldt,

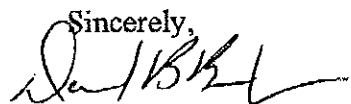

The C. L. Robinson Elementary School attendance data reported to the State of Wisconsin for 2008-09 is incorrect. Upon review of our current local attendance shown on the Preliminary Annual Review of School Performance for 2009-10, a local attendance rate of 5% is indicated. It should have been a percentage rate of 95%. Our high school attendance that was run using the same program and template is correct, but somehow the elementary attendance was reversed.

The intent of this letter is to ask for a reconsideration of data errors. This would include a WINNS correction to the attendance and subsequent correction on the School Performance Report. In addition, because of this error, we did not make AYP in the "Other Academic Indicator" area, and have been designated as being "in need of improvement". Please accept the following corrections to the numbers and find a report generated to provide accurate information in the hopes that all of this may be corrected.

C. L. Robinson Elementary had a total of 23,608 membership days for students in PK-6th grade. The number of actual days students attended school was 22,394, which gives us a 95% attendance rate for the year. This information has been reviewed and certified by those signing below. The Laona School number is 0040 and district number is 2940.

We apologize for the inconvenience and ask that we be contacted when these errors have been corrected. If there are any questions or concerns, please feel free to contact me at 715-674-2143 or Deb Kruger, Guidance Counselor, at 715-674-3801 Ext. 5.

Report Calculations

((Carry Fwd + Gain - Mult. Gain) X School Days) = Actual Days

Actual Days - (Off Track + Days N/E + Days Absent) = Days Attd

[Days Attd / (Actual Days - Off Track - Days N/E)] X 100 = ADA%

[Note: Multiple gains are for students that entered more than one time during the report time span.]
