April 10, 2014

Dear Melissa:

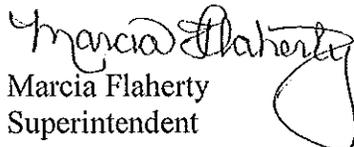

This letter was sent to request an update to the Free and Reduced numbers contained in the ISES information for the Franklin Elementary School within the Manitowoc Public School District. The data needs to be amended because at the time the district submitted the ISES information, the file did not contain all the Free and Reduced information for the Franklin Elementary School students.

Consequently, as the school worked on a National Board grant, the district discovered that the Free and Reduced information was not updated in ISES from the submitted file. The information in ISES for the Franklin Elementary School should be as follows:

Description	Total Student	Free and Reduced	Percent
Incorrect ISES Data	384	227	59.11%
Correct ISES Data	384	247	64.32%

If you need any other information, please contact Ken Mischler at [mischlerk@mpsd.k12.wi.us](mailto:mischlerk@mpsd.k12.wi.us).

Thank you for your consideration,

  
Marcia Flaherty  
Superintendent
