Director of Pupil Services

September 6, 2013

Melissa Aro  
WI Dept. of Public Instruction  
PO Box 7814  
Madison, WI 53707

Dear Ms. Aro:

Per the instructions during our phone conversation on September 5, 2013, I am writing to update the ISES data that was incorrectly reported for the School District of Milton when the ISES window closed.

On the Third Friday count (September 2012), ISES economically disadvantaged data that was uploaded included incorrect information. The information had not yet been fully updated to reflect all students' economically disadvantaged status as determined by free and reduced lunch.

That being said, the corrected economically disadvantaged data for students in Milton's seven schools, as well as the district, should have been reported as follows at the time of reporting:

<u>School</u>	<u>Economically Disadvantaged (%)</u>
Consolidated Elementary School	19.5%
Harmony Elementary School	20.4%
East Elementary School	29.0%
West Elementary School	34.1%
Northside Intermediate School	26.9%
Milton Middle School	25.0%
Milton High School	20.4%

We discovered the error after locking down ISES. Therefore, we are submitting this as a data errata letter to be posted on the DPI website.

We wish to thank you and your staff for their help to identify and address the error.

Sincerely,

  
Dr. Randy J. Bartels  
Director of Instruction  
School District of Milton
