Dear Ms. Boyd:

As directed by Mr. Steve Sanders I am writing to you about our free and reduced student count for the fall of the 2005-2006 school year. The information provided is incorrect.

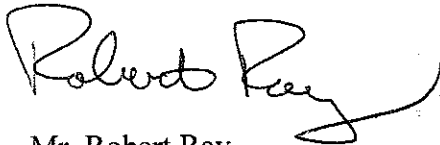

The percent currently being shown is 28% and it should be 35%.

The breakdown for student count should be:

Suring Elementary: 131 qualify for free and reduced lunches.
Suring High School: 66 qualify for free and reduced lunches.

If you need any further information please contact me at the above number at ext. 222.

Sincerely,

Mr. Robert Ray
District Administrator
