January 19, 2012

To Whom It May Concern:

The Wausaukee School District's October 1 Child Count Enrollment Report for Students with Disabilities was reported incorrectly for the 2010-2011 school year. The enrollment reported at that time was as follows:

Total Enrolled	Enrollment by Gender			
	M	M %	F	F %
64	37	57.81%	27	42.19%

The actual special education enrollment numbers should have been reported as follows:

Total Enrolled	Enrollment by Gender			
	M	M %	F	F %
90	51	56.67%	39	43.33%

The discrepancy occurred because the district was doing a crossover of special education software during this reporting year. I would like to request that the School District of Wausaukee's Child Count enrollment numbers be adjusted for MOE, IDEA Entitlement purposes. I would also like to ensure that we have accurate information reported in the WINNS system.

If this request is granted and our district's enrollment numbers can be corrected, I would like to be contacted when the adjustments have been made. I apologize for any inconvenience this may cause and appreciate your willingness to assist our district. If there are any questions please feel free to contact me at 715-856-5151, ext. 262, or Sherri Schlies, District ISES Coordinator, at 715-856-5151, ext. 413.

Sincerely,

Jared Deschane, Elementary Principal/Special Education Program Support
School District of Wausaukee
